Nature Of Opinion

Docket Number: SW-04316A-16-0085

Docket Position: Against

Liberty has asked for an outrageously larger rate increase, and has provided no justification for its request. At the same time, Liberty asks permission to borrow \$1,700,000, and reduce its equity in the project by the same amount. This financial move will significantly reduce the cost of capital of the project making it unnecessary for it to receive the significant requested rate increases, and in fact, one may ask why there would not be a reduction to rates reflecting the much lower financial cost of this projects going forward. I trust a financial analyst will review underlying financial situation here. Bruce W. Auger 18375 East San Ignacio Court Gold Canyon, Arizona 85118

Liberty has asked for a very high rate at the same time reducing its equity in the project. Are there financial statements to see the effects on Liberty of proposed changes? The huge proposed change will be hard for pensioners to absorb. P Auger
